

Data Engineer (m/w/d)

Für die weltweit agierenden Otto Krahn Gruppe definiert die Otto Krahn Holding GmbH die strategischen Leitlinien und übernimmt dabei gleichzeitig die Rolle eines professionellen Serviceproviders. Auf diesem Weg unterstützen wir die Unternehmen der Gruppe dabei, einen erfolgreichen und nachhaltigen Wachstumskurs voranzutreiben.

Your responsibilities:

We are seeking a highly skilled and motivated Data Engineer to join our dynamic team. As a Data Engineer, you will play a crucial role in designing, building, and maintaining our data infrastructure. You will be responsible for setting up robust data pipelines, modeling databases, and managing ETL (Extract, Transform, Load) processes to ensure the seamless flow of data across the organization. Your expertise will help us leverage data to drive informed decision-making and business growth.

- Design and Develop Data Pipelines: Build and maintain efficient and scalable data pipelines to collect, process, and store data from various sources, ensuring data quality, integrity, and availability.
- Database Modeling: Design and implement database schemas and structures that optimize data storage, retrieval, and processing for various business needs.
- ETL Processes: Develop, manage, and optimize ETL processes to extract, transform, and load data from different sources into target systems, ensuring timely and accurate data delivery.
- Cloud Data Solutions: Utilize Snowflake and Azure Data Factory to manage cloud-based data warehousing and data integration tasks, ensuring efficient data storage and accessibility.
- IoT Data Integration: Integrate data from IoT devices using Azure IoT Hub, ensuring real-time data processing and analytics.

- Workflow Orchestration: Implement and manage data workflows using Apache Airflow to automate and schedule ETL processes and other data-related tasks.
- Performance Optimization: Monitor and optimize data systems for performance, scalability, and cost efficiency.
- Data Security: Ensure that data systems comply with security standards and best practices, protecting sensitive data from unauthorized access and breaches.
- Collaboration: Work closely with data analysts and other stakeholders to understand data requirements and deliver solutions that meet business needs.

Your profile:

- Bachelor's degree in Computer Science, Information Technology, Engineering, or a related field.
- 5+ years of experience as a Data Engineer or in a similar role.
- Strong experience with data pipeline tools and techniques.
- Proficiency in Snowflake and Azure Data Factory.
- Knowledge of IoT data integration using Azure IoT Hub.
- Hands-on experience with Apache Airflow for workflow automation.
- Proficiency in ETL processes and tools.
- Strong SQL skills and experience with relational
- Strong problem-solving skills and attention to detail.
- Excellent communication and collaboration skills.

- databases.
- Familiarity with data modeling principles and best practices.
- Experience with data visualization tools, especially Microsoft Power BI.
- Knowledge of cloud computing concepts, particularly in Azure.
- Experience with other cloud platforms such as AWS or Google Cloud.
- Familiarity with big data technologies such as Hadoop, Spark, or Kafka.
- Experience with Python or other scripting languages.
- Knowledge of data governance and data quality frameworks.
- Very good knowledge of German and English required.

Zu der in Familienbesitz befindlichen Otto Krahn Gruppe gehören der Kunststoffdistributeur ALBIS, die KRAHN Chemie Gruppe und der Kunststoff-Compoundeur MOCOM. Mit einem jährlichen Umsatz von ca. 1,3 Mrd. € ist die Unternehmensgruppe mit rund 1.700 Mitarbeitenden an weltweit 46 Standorten vertreten. Werden Sie Teil unseres Teams! Die Otto Krahn Gruppe legt Wert auf Zusammenarbeit und einen freundlichen Umgang. Wir fördern Chancengleichheit und respektieren unsere Mitarbeitenden als Individuen mit unterschiedlichen Kulturen, Perspektiven, Fähigkeiten und Erfahrungen. Unser Anliegen ist es, die Unternehmen unserer Gruppe mit innovativen Ideen und Ansätzen bei der Erreichung ihrer Ziele zu unterstützen. Interessiert? Dann freuen wir uns auf Ihre Bewerbung über den „Jetzt bewerben“-Button mit Angabe Ihrer Gehaltsvorstellung und Verfügbarkeit.
